MEMORANDUM FOR: National Foreign Intelligence Board Principals

FROM: Fritz W. Ermarth
Chairman, National Intelligence Council

SUBJECT: SNIE 57-88: Cambodia: The Prospects for and Implications
of a Diplomatic Breakthrough

1. Attached is the coordinated draft of SNIE: 57-88: Cambodia: Prospects for and Implications of a Diplomatic Breakthrough, which is to be considered at the NFIB meeting scheduled for 25 August 1988.

2. Coordination was long and contentious. INR was not supportive of the Estimate's conclusions. It questions both Vietnam's motives and its willingness to leave Cambodia. INR does not believe that a settlement is as likely as the rest of the community, and it believes that there is a better chance that the Vietnamese will not completely withdraw from Cambodia. We expect INR to table a footnote.

3. We will promptly disseminate any late changes through the NFIB Secretariat.

Fritz W. Ermarth
